TIPS ON USING YOUR CARD

- Paying for Gas:** **When purchasing gasoline, please pay for gas inside the station.**
Gas stations may place a hold up to \$125.00 on your card balance when paying at the pump, regardless of the amount you pump. This hold may take up to 7 days to release to your balance.
- Authorization Holds:** Certain merchants such as restaurants, hotels, gas stations, car rental agencies, cruise lines, mail order, and telecommunications companies may increase the purchase authorization request or place a "hold" on your Card's available balance to accommodate for potential card overdrafts.
- Fees:** Refer to the enclosed Cardholder Agreement for your card fee schedule.
- PIN Safety:**
- Memorize your PIN; don't carry it in a wallet or write it on the card.
 - Enter your PIN so others cannot see it. Do not share your PIN with anyone.
 - If the terminal appears to be modified or suspicious, do not enter your PIN.
 - Notify the Issuer immediately if a PIN change took place without your request.
